

Residential Monitoring

Smart Detection | Crime Prevention | Peace of Mind

**Tried and Tested
Real Peace of Mind**

Tried and Tested. Real Peace of Mind.

As a homeowner or renter in South Africa, feelings of uncertainty regarding your security are not uncommon.

Thoughts such as “do I travel for business?”, “do I leave my family alone at home?”, and “who is watching over us when we’re coming and going?”, are common anxieties.

Verifier’s Residential Monitoring solution is aimed primarily at keeping your homes, and families safe from criminal activity.

Through the integration of alarm/fire monitoring, and by creating early-warning virtual boundaries through the use of audio-challenge with Video Analytic powered CCTV systems, we aim to provide you and your loved ones real peace of mind.

Ideal for:

- Families.
- Single Households.
- Holiday Homes/ Second Residences.
- Elderly Households.

Client-specific system

Physical Security
Information Management (PSIM)
Systems are tailor made to match your requirements and budget.

Enhanced Perimeter Monitoring

Our A.I driven ‘virtual boundary’ detection establishes a visual early-warning intruder detection perimeter. Our system can be applied to Infra Red and Thermal cameras, to new and existing cameras (upon assessment),

Alarm And Fire Monitoring Integrated

Have access to the latest technology utilised by Verifier, while integrating other services such as Alarm and Fire monitoring at no additional cost.

Smart Home Monitoring
